Bob Hart:

I watch your program, and you are doing a great job.

Would you please include my neighborhood in your program?

I live on Kenworthy St, between Fairbanks and Transmountain Rd. Even though the posted speed limit in front of my home is 30 miles per hour, most drivers speed by at 50-60 miles per hour. I am forced to back into my driveway parking, to be able to safely enter my street.

This section of Kenworthy is also very busy during rush hours and before and after sporting events at Cohen Stadium.

Thank you,

Subject: El Paso Restaurant Question

In in the past 2 years I have made about 6 trips to El Paso and learn a little more about the city every time I visit. You were kind enough to advise me not to come out during the dust storm season from March to May and so I come in January - February, June and week after next and then again in late November.

When I was out at Sunland Mall in June, doing some turquoise jewelry shopping at Del Sol, I was told there is a good steakhouse near Sunland, but I can't remember either the name or location (or how to get there). I recall something about going out to the Mall exit on 10 and then heading south across some railroad tracks but that's about it. Can you help me out?

I will be flying out of DFW Monday week and will be in town until Thursday afternoon of that week. Thanks. By the way, my wife came out with me on a trip last October and had a great time. While I was working, she rented a car at the airport and toured White Sands and Franklin Mountain State Park.

Thanks again.

Thank you for bringing up the story. It is news. A local talk show Tuesday morning spent at least an hour on this subject protest by PETA in front of Bassett Middle School.

If people had there way, one way or another everything we need can probably 'kill' each and every one of us, whether it is lettuce, chicken, McDonald's french fries. When will it stop.

Each and every person needs to make the decision on their own and be careful when driving with a cup of coffee between their legs or eating/drinking and driving.

Dear Mr. Warner,

It gave me a great deal of pleasure when you accepted my invitation to M/C the Ceremony for the unveiling of the "Korean War Commemorative Stamp" at the Fort Bliss Museum. That pleasure was multiplied many times over with your wonderful performance at the Ceremony and the words you had to say about our Veterans. Thanks again for being the dedicated professional that you are and that you would share your busy life with us. You helped to give this Ceremony the dignity that it deserved. Thanks again for being the Gentleman and Officer that you are.

Dear Bill,

Congratulations on yet another successful Lt. Gude Radiothon! We couldn't have asked for better results; after final calculations, you all raised \$98,961 for the kids at Lt. Gude! Pretty impressive considering we've already received nearly \$400,000 from El Paso through other events. The entire KHEY team showed incredible talent + dedication. Thanks for making sure that this

Dear Mr. Struck,

On behalf of United Way of El Paso, thank you for being a part of the 2002 Campaign which raised \$5,113,520! We would like to thank the Clear Channel Radio employees for their \$1,697 contribution. We are proud that Clear Channel Radio continues to be a community leader!

For more than three quarters of a century, our United Way has been a critical part of our community, assuring that those most "at risk", including —single mothers, children, elderly, sick and homeless—receive not a hand out but a hand up. The support of company's like Clear Channel Radio, assures that **thousands of El Pasoans benefit directly from more than 90 United Way funded programs and services.**

We would also like to thank Patty C. Jordan for serving as this year's Employee Campaign Manager. In addition to coordinating the fundraising part of the campaign, she did an outstanding job increasing the awareness of the importance of United Way to our community. We value her dedication to United Way.

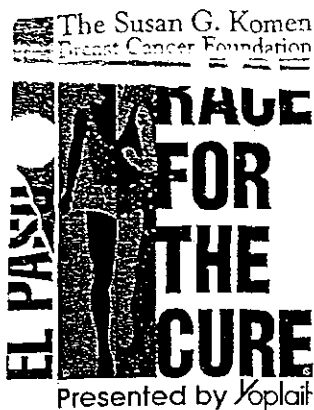

Once again, our sincere thanks for partnering with us to make El Paso a stronger community. Together we are making a difference!

Sincerely,

- The Komen El Paso Race for the Cure® remains the largest event of its kind in the greater El Paso area. This past February a record number of over 7,500 participated in the Race®. Many walked in memory and/or celebration of a friend or family member that has been touched by breast cancer.
- Over 300 breast cancer survivors crossed the finish line in celebration of their own victory over the disease.
- In 2001 the El Paso Affiliate secured *Las Palmas & Del Sol Regional Healthcare System* as the first local presenting sponsor. Our partnership with Las Palmas & Del Sol has helped to further our mission and those we serve in the El Paso community.
- For the sixth year in a row *Jobe Concrete* assembled the largest team with 424 participants - the biggest team to date.
- Corporate and individual contributions were at a record high.
- The Ninth Annual Komen El Paso Race for the Cure® and other local fundraising events held in 2000 will enable the El Paso Affiliate of The Susan G. Komen Breast Cancer Foundation to grant over \$240,000. \$180,000 of that amount will stay in the El Paso community to fund programs for breast cancer education, screening and treatment. The remaining funds will go to The Susan G. Komen Breast Cancer Foundation Research Program in the hopes of one day finding a cure.

Thank you again for your contribution and commitment to help eradicate breast cancer as a life threatening disease. With your continued support, this is a Race we can win!

Sincerely,

Rose *Thank you!*

Dear Robert:

I write to let you know that your Southwest Treasures segment on the Casasola Studio Collection exhibit at the UTEP Library, which aired on August 6, resulted in all kinds of wonderful things!

The following day, I began to receive phone calls from people who saw photographs of family and friends and were eager to identify them. Many called to ask about the exhibits at UTEP and at the malls. I still get calls from people who refer to the segment as the reason that they have attended the exhibits.

Not only was the report well produced and full of so many wonderful portraits, but it conveyed the message that the Casasola Project hopes to share – that there are wonderful stories behind the pictures that reveal the unique character of the U.S.-Mexico border. Your enthusiasm for the subject and for this region was evident.

You'll be pleased to know that the photographs which have been scanned to date have been loaded on a Web page on the UTEP Web site (www.utep.edu → Special Collections → Casasola Studio Photograph Database). We are getting excellent responses from people who have searched this database, and we continue to have positive results from the *El Paso Times* publication on Monday – more than half of the photographs have been identified.

Marguerite Rivera Houze and I will keep you posted on the Casasola Project and other initiatives that the Paso al Norte Museum is developing.

Many thanks again for your fine work on our behalf.

Sincerely,

Dear Mr. Formby:

I wanted to thank you and KPAN for the "ON AIR" time you gave to inform your public on Immigration issues. Currently with the problems we have had with terrorism, immigration issues have become extremely sensitive. Many people are being affected by the problems it has caused.

Also with the information we provided on your show, many people are learning there is hope to what ever their issues are. I hope our relationship continues for many years so we help greater numbers of those who need us.

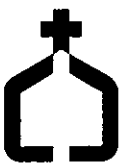

Mr. Formby and KPAN keep doing the GREAT JOB in supporting your public and they will support you. Using the estimated cost per minute of \$12.00 your organization donated \$720 of time for the year of 2003. This calls for another even GREATER "THANK YOU"! You and your organization are truly the Stewarts in "Doing unto others"

If you need anything from me please contact me. I thank you again for the opportunity and pleasure of serving your public and hoping for an even greater 2004 in working together.

Dear Chip,

★ El Paso

On behalf of the Alzheimer's Association, it is my distinct pleasure to thank you for your very generous support of the Association's activities in 2003. Your generosity is greatly appreciated.

★ San Antonio

Your continuous broadcast of public service announcements announcing the regularly scheduled meetings are essential in getting the word out to Hereford, and the surrounding community. Additionally, your live remote coverage of our Inaugural Memory Walk in November resulted in a greater turnout of individuals, and a larger commitment of financial support by the community. We are very thankful.

★ Midland

Your in-kind gifts are valued in excess of \$600.00 dollars. This is a significant savings for our organization, and we salute you for your ongoing commitment to the Alzheimer's Association.
